

2015 ANNUAL REPORT

OUR MISSION — The American Academy of Family Physicians Foundation advances the values of Family Medicine by promoting humanitarian, educational, and scientific initiatives that improve the health of all people.

Great ideas foster new ways of thinking and allow us to achieve the mission of the AAFP Foundation. Your financial support contributes to over 20 humanitarian, scientific, and educational programs, enabling us to advance our commitment to Family Medicine and the people we serve. Over the last year, your donations have sustained the following:

- **Family Medicine Cares USA**—grant program delivered over 80,000 patient visits and more than \$17 million in free clinical services to those without health care. One recipient said, *“Thirty-three percent of our patients are homeless and almost 48 percent are uninsured. We will now be able to offer appropriate diagnostic testing for our patients to ensure their treatment is appropriate and monitor their progress over time.*
- **Family Medicine Leads Scholarships**—provide opportunities for medical students and Family Medicine residents to experience the AAFP National Conference. Thanks to your support, 250 medical students and residents will attend this year. One recipient wrote, *“I want to express how thankful I am that the AAFP Foundation donors gave so many generous scholarships to students from all over the country to attend such an important and moving conference.”*
- **Joint Grant Awards Program (JGAP) and Research Stimulation Grants**—support projects addressing questions of high relevance to Family Medicine, and range from \$7,500 to \$50,000 per project. In 2015, 11 proposals were funded in the amount of \$184,985.
